Forecast for Wednesday and Thursday—Fair Wednesday, except rain on the coast, colder; Thursday, fair fresh Northwest winds.

President Roosevelt left Washington on Monday to be gone a month and left the ponderous Secretary of War, Gen. Taft, to hold the lid down. What has become of Vice President Iceberg?

President Roosevelt told his new Panama Canal Commission to stay on the zone and go to throwing dirt. He ought to have told them also to not do things to make the newspapers go to throwing mud at them.

"Millions of money is no advantage to a man," says a moralist. Still we would like to have 'em just to see how it feels to have people jumping on you because you've got it and they don't know it was raked in.

It is now declared that John D. Rockefeller's salary is only $20,000 a year instead of $50,000,000 as has been stated. First thing you know it will be made to appear that Mr. Rockefeller is as deserving of sympathy as the poor 2 per cent. Beef Trust.

In appointing his new Panama Canal Commission, President Roosevelt was compelled to observe the letter of the Act passed by Congress but he intentionally violated the spirit of the law. Even if he can do that, it takes a bold man to negative the intent of the Congress of the Republic.

Col. William J. Bryan says it is necessary for the rank and file to control the Democratic party. Still a few folks—a very few—go right on trying to get the rank and file to fall into line and control the party the way the selfsame few want it controlled. The rank and file are followers not leaders and the rank and file know it.

After making $1,500,000 out of the soil in the last 14 years L. D. Smith, of Madison, S. Dak., the richest exclusive farmer in the United States, has retired from active life. His principal crops were wheat and corn, which shows that there is more money in raising something to feed people than there is in producing cotton to clothe them.

Says the Philadelphia Press (Republican): "The man who invented the inscription on the coat of arms of this Commonwealth—Virtue, Liberty and Independence—is dead." The Republican party hadn't come to life when that inscription was put there but that party has lived long enough to make the motto a dead-letter to be buried with its dead originator.

LOCAL DOTS.

—Services in First Church of Christ, Odd Fellows' Building, this evening at 8:15 o'clock.

—A meeting of the Dorcas Society will be held Thursday afternoon at 4 o'clock in the Luther Memorial Building.

The surveyors have an office in the Heyer building and have already begun their extensive work.

Bad Negro to Jail.

William H. Dangerfield, the negro who acted so outrageously at the home of Mrs. P. R. Fowler, on Masonboro Sound Saturday night as told of in these columns Sunday morning, was given preliminary trial yesterday before Justice of the Peace John J. Furlong, the case having been transferred to him by Justice Fowler, who did not feel that he was competent to hear the matter inasmuch as he is a brother-in-law of the prosecutor, Mrs. Fowler. The negro was put in jail in default of $100 bond to keep the peace for six months. Unless the bond is given in the meantime, Dangerfield will have to remain in "durance vile" until about October 1st. The case of assault against the negro was disposed of by suspending judgment.

AUDIT AND FINANCE

Reorganization of the City Board Last Night for Ensuing Term.

THE SEMI-MONTHLY MEETING

Concurred in State Test Farm Appropriation—License Tax of $100 on Trading Stamps Disapproved—Other Proceedings.

At its regular semi-monthly meeting last night the Board of Audit and Finance of the city, all members of which have been re-appointed to serve for another term of two years, reorganized by the re-election of Mr. H. C. McQueen chairman and Capt. W. H. Northrop, Jr., clerk; the appropriation of $1,500 by the Aldermen as an inducement to secure the location of the State truck test farm was unanimously concurred in; the imposition of a license tax of $100 per month on trading stamp companies was disapproved on the ground that it is still unreasonable, while much other business of a routine and unimportant nature was tranacted.

The Board met at 8 o'clock, all members present, viz.: Messrs. H. C. McQueen, C. W. Yates, Jesse Wilder, S. P. McNair and J. A. Orrell. Mr. Orrell was called to the chair and the commission of members having been received from the Governor, the matter of organization was stated in order. Upon a ballot for chairman, Mr. H. C. McQueen received four votes and Mr. S. P. McNair one. The ballot for clerk resulted in the unanimous choice of Capt. Northrop for clerk; a position which he has filled with credit and rare efficiency since the death of the late Capt. John Cowan, who so long held the office.

The clerk read two communications from the clerk of the Board of Aldermen advising that the appropriation of $1,500 to the State test farm had been made, and that a tax of $100 per month had been imposed on trading stamp companies in lieu of the $500 per month imposed on March 6th, and in which the Board of Audit and Finance refused to concur.

The appropriation for a test farm was first taken up. It was stated that the State proposes to make of this farm a demonstration of the best methods of raising various crops and introducing new crops; for instance, spinach, which is now grown extensively at Norfolk and not grown here at all, while all the advantages are in favor of this section. It is a Winter crop and with its climate, the Wilmington section can take much of that profit from the Virginia point. The growing of forage would also be encouraged, this climate being especially favorable to wild vetch, an excellent Winter forage and a builder of land. Then, too, the farm would conduct experiments intended to destroy the strawberry weevil, blight in lettuce beds and other pests which only await scientific treatment for extermination. The prosperity of Wilmington, it was stated, is due more to the inflow of money from the truck crops than from any other source. It had been stated by an eminent authority that one acre of truck is more valuable to a country than 180 acres in cotton. The appropriation was needed to get the farm for Wilmington. Newbern had offered a money consideration supplemented by another from the A. & N. C. railroad. Willard had once been decided upon and a site bargained for there, but the wife of the man from whom the land had been bought refused to sign the deed and thereby Wilmington was given another opportunity, which should be embracer at once, else all is lost. The county had generously given $1,500 and 50 acres of land, private subscriptions of $3,000 had been raised and it now remained for the city to come up with the remainder of $6,000 to apply to the purchase of 150 acres out of Mr. Jno. F. Garrell's fine farm, Mr. Garrell having agreed to take $7,500 for the land to be taken out of any part of his Sans Souci plantation. It was stated that the matter would probably be definitely decided at a meeting of the State Board of Agriculture in Raleigh this morning. The question of the legal right of the city to make the appropriation was brought up and a letter from Iredell Meares, Esq., former city attorney, while not a profound or studied opinion, was read to the effect that the writer saw no valid objection. It was merely a question of what is for public purposes and the public good. It would be establishing no precedent, for the city had once appropriated money for the entertainment of the officers of the German gunboat Panther; entertainment of Lieutenants Anderson and Blue, and for advertising the city. The appropriation now proposed appeared more general and more worthy.

Chairman McQueen cited the instance of the city of St. Louis having made a big appropriation to the exposition and said he was heartily in favor of the appropriation proposed. He asked if the farm would be permanent and was assured that it would be. The question was then put and unanmiously carried.

The Trading Stamps.

The trading stamp matter having come up, Mr. Yates said he thought $100 per month was about as prohibitive a tax as $500. Mr. Orrell thought it was pretty high, but was unprepared to vote just then either way. Mr. McNair suggested that the tax might not be collected without a suit. Mr. McQueen asked if anything similar to trading stamp companies was taxed in the present ordinance. The clerk produced a copy of the tax ordinance and showed the highest license now imposed, is $55 per month on peddlers, transient dealers, book agents and the like in none of which classes could be placed the trading stamp company, which Mr. Yates explained was regularly chartered and organized to do business. In reply to a question, a representative of the company, who was present, said that the State tax was $200 per year, one-half of which went to the county and one-half to the State. In Columbus, Ga., the tax was $100 per year, but the representative didn't know what it was in Greensboro, nor what tax the Legislature just adjourned imposed on the business. Mr. McNair asked the representative if he thought $100 per month was prohibitive and the representative replied that he did; that his company could never pay it. Mr. Wilder moved concurrence in the tax of $100 by the Aldermen, but received no second to the motion. The chairman stated that he would put the question anyway and the motion was lost, Mr. Wilder alone voting in the affirmative. Mr. Wilder asked to go on record as voting for the $100 tax. The clerk was instructed to advise the Board of Aldermen of non-concurrence in the tax on the ground that it is unreasonable and excessive and in the judgment of the Board, therefore, could not be collected.

The bill of Cowan Bros., lessees of the Academy of Music, for $106.09 for scenery damaged by an overflow of water in one of the dressing rooms, duly approved by the Public Building Committee, was presented. Members of the Board stated that they had not agreed to pay the bill upon its approval by the committee, but had only agreed to consider it. The matter was discussed at some length and a majority seemed to favor paying only what Cowan Bros. had paid out on a compromise for the loss. However, the matter was referred to the chairman for investigation.

After examining bills for current expenses, the Board adjourned.

PEOPLE'S SAVING BANK.

Fifth Annual Meeting of Stockholders and Directors—Fine Showing.

The fifth annual meeting of the stockholders of the People's Savings Bank was held yesterday afternoon at 4 o'clock at the banking house of the institution on Front street. Maj. Wm. F. Robertson was called to the chair and Mr. F. W. Dick, the cashier, kept a record of the proceedings. A large majority of the stock was represented in person and by proxy.

The report of President H. C. McQueen was highly gratifying to the stockholders, several of whom expressed themselves as being eminently satisfied with the excellent showing made. There was an increase of over $200,000 in deposits during the year, bringing the total up to $681,000, being the largest increase ever shown by the bank. The total assets were shown to be $742,000. The old Board of Directors was unanimously re-elected and the directors subsequently met and re-elected all officers, making the full complement as follows:

President—H. C. McQueen.
Vice President—M. J. Corbett.
Cashier—F. W. Dick.

Board of Directors—D. C. Love, M. W. Divine, J. A. Springer, R. R. Stone, E. C. Holt, Walker Taylor, M. J. Corbett, H. C. McQueen, F. W. Dick and Thos. H. Wright.

The usual semi-annual dividend of 4 per cent. was declared by the bank.

Stole Tobacco.

Ed. Perry and Holly Grady, young negroes not strangers to the police, were arrested yesterday morning in Love's alley by Officer M. A. Jones, charged with larceny. They slipped in the store of Mr. N. E. Gallagher, Fifth and Nixon streets, and took away four caddies of "Grape" tobacco, valued at $20. The case was continued in the police court yesterday until noon to-day. Perry is also wanted by Constable Savage for an assault with a deadly weapon and carrying concealed weapons. It is alleged that he went in the store of Johnson Mills, colored, on Feb. 23rd, and fired upon the proprietor. Constable Savage served the warrants on the prisoner in the station house yesterday and preliminary trial will take place later before Justice Fowler.

Appointment Cancelled.

Mr. E. D. Smith, of Columbia, president of the South Carolina Division and general financial agent of the Southern Cotton Association, has written the Wilmington Chamber of Commerce, stating that on account of unavoidable circumstances, it will be impossible for him to reach Wilmington Friday, April 7th, as previously announced. Mr. Smith writes that he will make another date for Wilmington later.

Everett-Huggins.

Friends in the city and elsewhere yesterday received handsomely engraved invitations bearing the following announcement: "Mr. and Mrs. Joseph Calvin Everett request the honor of your presence at the marriage of their daughter Lena Payne to Mr. Henry Allen Huggins on the afternoon of Wednesday the nineteenth of April at half after five o'clock, First Presbyterian Church, Wilmington, North Carolina."

Cape Fear Lodge I. O. O. F.

At last night's regular meeting of Cape Fear Lodge, No. 2, I. O. O. F., Past Grand D. K. LeGwin was elected representative and Past Grand B. F. King, alternate, to the Grand Lodge, meeting in Raleigh in May. The second degree was conferred on five candidates. Nearly a hundred members were present. Handsome furniture for the new lodge is now being manufactured especially for the lodge and will be installed in about sixty days.

FOUR CAPITAL CASES

True Bills and Arraignment of All in Superior Court Yesterday.

A SPECIAL VENIRE DRAWN.

Josephine Jarmon Will Go On Trial For Her Life To-morrow—Arthur Beatty Escapes With Two Years—Other Procedings.

Save for the return of true bills in the four capital cases for trial at this term and the formal arraignment of the prisoners, yesterday's session of the Superior Court were mainly without interest. Although Judge Allen was anxious to begin on one of the capital cases yesterday, it was finally decided to devote to-day to the clearing up of all other cases, so that the docket of the important cases may be completed on Thursday, Friday and Saturday and the full two weeks, beginning next Monday, may be devoted entirely to the civil calendar.

When court convened at 9:30 A. M. the sheriff returned the five special talesmen ordered for the day as follows: W. H. Chadbourn, R. O. Grant, C. H. Dollar, T. A. Wortham and J. W. Jackson. The last named was excused for reasons satisfactory to the court.

The following submissions were entered: John Grady, three cases of assault with a deadly weapon, 30 days on roads in each case; one case of carrying a concealed weapon, two months on the roads. Jim Whitted, forgery; 12 and 6 months, respectively, in the county jail with leave to commissioners to hire out.

C. H. Bonham, the young white man charged with an assault upon L. M. Bryant with whom he had a dispute about an indebtedness, was found not guilty by a jury. The defendant was represented by Woodus Kellum, Esq.

The grand jury came in during the forenoon and returned true bills in the cases of Josephine Jarman, the colored woman charged with the murder of Lymus Pickens, colored; T. W. McGirt, white, charged with arson, and Arthur Beatty, charged with the burglary of the residence of Rev. J. M. Wells, Ph. D., the particulars of which are well remembered by Star readers.

Arthur Davis, colored, charged with the larceny of lap robes from the City Livery Company, was found guilty and sentenced to four months.

In the case of Arthur Beatty, the negro charged with breaking into the residence of Dr. Wells, a plea of attempt to commit a felony was entered by defendant's counsel, Louis Goodman, Esq., and he was sentenced to two years in the county jail to be worked on the public roads of the county or in the work house.

T. W. McGirt was formally arraigned on the charge of arson, and pleaded not guilty. He said that he hoped to arrange with Herbert McClammy, Esq., to defend him upon Mr. McClammy's return to the city before the end of the week and the trial was left open until further notice.

Josephine Jarman was also formally arraigned, being represented by Brooke G. Empie, Esq. An effort was made to reach a compromise but after some consideration, it was decided to enter upon a trial of murder in the first degree. A special venire of fifty was ordered for the trial which will begin Thursday morning at 10 o'clock.

The grand jury in the afternoon came into court in a body and returned a true bill against Frank Kelley, charged with the murder of Sam Hooper, colored, on Saturday night, March 20th. Kelley was later arraigned and Messrs. C. D. Weeks and Woodus Kellum were assigned by the court to defend the prisoner.

WILMINGTON GUN CLUB.

Annual Meeting Last Night—Officers Elected—The Opening.

The annual meeting of the Wilmington Gun Club was held last night, a good attendance of members having been present. The following officers were elected for the ensuing year:

President—B. G. Empie.
Vice President—R. F. Warren.
Sec. and Treas.—J. C. Lodor.

It was decided to reduce the club events from 50 to 25 shots. The officers, who constitute the governing board, were authorized to buy late model traps, put the grounds in order and buildings in repair and make all other arrangements for the opening of the season May 1st. Six new members were enrolled. The club inaugurates its second season most auspiciously.

—Mr. E. B. Wright and son, Master Edwin Wright, of Boardman, are guests at The Orton.

—Mr. and Mrs. George N. Harriss returned yesterday morning from a pleasant trip to Washington, D. C.

—Mrs. E. P. Bragdon and Mrs. J. E. Walsh, of Florence, S. C., are guests of Mr. and Mrs. L. Bragdon.

—Herbert McClammy, Esq., and Mr. W. T. Sears returned last night from a business trip to Philadelphia.

—Mr. William Gilmore and wife, of Mount Airy, are guests at The Atlantic View Hotel, on Wrightsville Sound.

—E. M. Koonce, Esq., of Jacksonville, N. C., member of the Legislature from Onslow, is here attending Superior Court.

—Lumberton Robesonian: "Mr. W. W. McWhite has resigned his position in the S. A. L. depot here, and left Friday for Wilmington. He is succeeded by Mr. R. C. Birmingham, who for a few months past has been in Charlotte."

THOUSANDS IN LETTUCE.

Heavy Shipments of All Truck Now Going Forward.

Lettuce shipments from this territory are now very heavy. It is estimated that the consignments yesterday were fully 5,000 baskets, there having been several refrigerator carloads as well as two or three by express. The prices continue fairly good, yesterday's quotations having been $2.25 to $3 per half-barrel basket. A gentleman, who knew what he was talking about and is not given to making wild estimates, said last night that the lettuce crop for the next 30 days would be worth a round $100,000 to this territory.

Radishes and asparagus are also being shipped now by Wilmington truckers. Radishes are bringing from $2 to $3 per hundred bunches and asparagus from $5 to $6 a dozen buches.

DELGADO COTTON MILLS.

Annual Meeting of Stockholders Yesterday at Noon—Officers.

The annual meeting of the stockholders of the Delgado Mills was held yesterday in the office of the company in the village, the party having gone out at noon on a special car of the Consolidated Company. The various reports submitted were very gratifying to the stockholders and all officers and directors were re-elected as follows: Mr. E. C. Holt, president; Mr. R. R. Bellamy, vice-president; Mr. J. Walter Williamson, secretary and treasurer; Directors, Messrs. E. C. Holt, R. R. Bellamy, J. Walter Williamson, Jas. H. Chadbourn, I. M. Bear, C. W. Yates, J. A. Springer, M. W. Jacobi, and E. B. McCullers, of Clayton, N. C.

Mayor's Court Yesterday.

Peter Sumerlsen, a seaman on the revenue cutter, was before the Mayor a second time yesterday, after a first trial on Monday charged with being drunk and disorderly. Sumerlsen was sentenced to 30 days on the roads, but judgment was later suspended on condition that the seaman be kept aboard ship in the future while the cutter is in port. A soldier from the fort was fined $5 and costs for being drunk and asleep at Water and Market streets. Clarence Davis, colored, was bound over to the higher court to answer the charge of the larceny of a suit of clothes from William Nance, colored.

The Norfolk and Western.

Col. T. C. James, commercial agent of the Norfolk & Western Railway, has presented to the Wilmington Chamber of Commerce a neatly framed map showing the mineral territory tributary to that great system. The map affords an interesting study in the mineral wealth to the north of us. The map will be hung on the walls of the Chamber building on Princess street.

Georgia Strawberries.

The Savannah News of yesterday says: "Local raisers of strawberries say that the crop will be about a week later this year, but that the crop will be full and of the very finest variety. The seasons so far have been perfect for the plants, and the berries have not been stunted in their development. Several of the large producers for the local market say that they expect the berries to be finer in variety this year than they have been in several seasons.

"SEVENTY-SIXTH VOLUME."

(Charlotte Chronicle, March 27th.)

The Wilmington Star began its seventy-sixth volume, Saturday, and to-morrow will celebrate the occasion by coming out in a new dress, having installed a modern linotype plant. Major W. H. Bernard, editor of The Star, has been in the daily service of that paper for nearly forty years, and he is about as young now as when he wrote his first editorial. That The Star has enjoyed prosperity through all these long years is a tribute to his ability as a manager and his popularity as an editor. He has made a record we venture to say, that is without a parallel in the South. The Chronicle wishes him continued success.

—Large Crowds are going daily to Wrightsville Beach these delightful Summer afternoons.

SPECIAL TRIAL OFFER

THE MORNING STAR

AT REDUCED RATES.

For the next sixty days we will mail THE MORNING STAR to subscribers outside the city at the following reduced rates:

For One Year . . . . $4.00.
For Six Months . . . $2.00.

Positively, no subscription will be taken at the reduced rates for a period less than six months. For one month the price will be, as heretofore, $1.25 for three months; or, fifty cents for one month.

This offer, as will be noted, is for a limited period only, and is made for the purpose of giving those who appreciate the value of a daily newspaper an opportunity to read the STAR for six months, or more, at a cost of about one and a quarter cents per copy, and then determine whether or not they will continue their subscription at the regular price.

No name will be entered on our books under this offer unless the order is accompanied with the cash.

While this proposition is made primarily to secure new subscribers, old subscribers outside the city may avail themselves of its advantages at the reduced rate provided they pay all arrearages and for not less than six months in advance.

On account of the heavy expense attached to our city circulation department this offer does not apply to city subscribers.

Sample copies mailed free to any address.

Note the conditions of this offer carefully to avoid mistakes.

NEW ADVERTISEMENTS.

FOR ALDERMAN, THIRD WARD.

By request of many friends, I hereby announce myself for Alderman for the Third Ward, subject to the primary.

Believing that this city can get more for less money, and for a long number of years has paid too much for what it did not get, to get what it ought to have I shall, if elected, work for a reduction of taxation in such a manner as not this city. S. BEHRENDS.

WILMINGTON, N. C.

Wednesday Morning, April 5.

THE SOUTH-BOUND RAILROAD.

Wilmington's efforts to divert the South-Bound Railroad this way is taken in earnest in Charleston and in other portion of South Carolina, through which the projected line would extend. We copied yesterday an editorial from the Charleston News and Courier in which it was urged that no effort be left undone to off-set the aggressive steps taken by Wilmington to show the advantages of Southport as a terminus for the new road. Now comes the Florence Times, which says:

"Charleston and the rest of us had better look out. Southport wants that road from Winston-Salem and is likely to get it. Southport might make just as good a coaling station as Charleston, ships would just as easily avoid Hatteras in their trip to the east through the Panama canal. Then we will all be punished for our indifference in the matter and this great feeder to our commerce and artery for our trade to flow to the West. Don't be too cocksure about getting anything. Anyhow, never be so sure that you are willing to refuse to give aid in the certainty that you will just as easily get all the good without its costing you anything. Anything that is worth having is worth paying for."

Again our esteemed Florence contemporary says:

"Charleston is waking up to the necessity for doing something to have that Winston-Salem road. Southport, N. C., is moving pretty strongly to secure it and if Charleston and Florence and other towns along the line, Lake City, Scanton, Kingstree and all the trucking towns that want western connection, want that road they, too, must fall in line and help Charleston and Wadesboro to get it."

We are gratified to notice that the press of North Carolina, as it was quite natural to expect, is in sympathy with the movement to have the South-Bound headed to deep water at Southport. Col. F. H. Fries, of Winston-Salem, chief promoter of the new road is himself a North Carolinian, but aside for that fact Wilmington can present to him with confidence that the logical terminus for his road and great coaling station is at the mouth of the Cape Fear. The Charlotte News adds this valued editorial referring to the strong reasons:

"The news we hear from Wilmington, concerning the effort to interest the promoters of the proposed South-Bound railroad from Winston in the advantages offered by Southport as a coaling station, is indeed very gratifying, and here's to the success of the movement. If the parties who are behind the road will ony give the matter their careful attention, we have litle fear of the results. And why should they not give ear to Wilmington's suggestion and invitation? Surely the promoters of the proposed railroad desire to seek a port where the greatest advantages are offered. It is legitimate competition, and Southport has as much right to present her claims as Charleston.

"Mr. J. Allen Taylor, president of the Wilmington Chamber of Commerce, has written a long letter to Col. F. H. Fries, at Winston, setting forth the advantages of Southport over Charleston as a coaling sation. Southport has joined hands with Wilmington, and a strong fight will be made to turn the road, which emanates in North Carolina, to a seaport terminal in North Carolina instead of going to another State.

"The News recently printed an article telling of the many advantages which Southport possesses as a coaling station over any other South Atlantic port, below Hatteras. The open port, free from pilotage, a splendidly protected harbor, the nearness to the highways of the sea, the cheapness and accessibility of available water front property, the depth of water, and other important points were shown as advantages which Southport possesses over Charleston, Savannah or any other port on the Atlantic coast south of Norfolk.

"The new railroad could make two direct connections for Southport, with the Seaboard Air Line at Hamlet, or with the Atlantic Coast Line at Sanford. Surveys and estimates have already been made for a line to extend from Navassa, four miles from Wilmington, to Southport, a distance of twenty-five miles. The cost of constructing the short piece of road just mentioned would be very small, about $7,000 a mile.

"As a coaling station Southport has advantages which cannot be touched by Charleston. The promoters of the Winston and South-Bound road should consider all phases of the proposition before they decide finally on a tidewater terminal."

In his usual thorough and comprehensive style, President J. Allen Taylor, of the Wilmington Chamber of Commeree, presented to Col. Fries in his letter to that gentleman, cogent reasons why he should investigate the Wilmingtpn-Southport opportunity. His presentation of the matter to Col. Fries should be unanimously and heartily backed by the citizens of Wilmington. It is necessary to act and to act promptly and with good effect. An enthusiastic meeting of the citizens of Wilmington and Southport and the appointment of a delegation to visit Col. Fries at Winston would be a good idea.

NORTH AMERICAN REVIEW.

The North American Review for April comes to us with an unusually valuable table of contents. Among the notable contributions is one by the Hon. Hannis Taylor, LL. D., a native of North Carolina, who furnishes an able article on "The American Law of Impeachment." Mr. Taylor gives us incidents of impeachments by the House of Lords of Great Britain, and his article shows that the entire body of American impeachment law was transplanted in a modified form from the Parliamentary law of England. We shall not attempt to follow him but merely call attention of the reader to his article. Mr. Taylor, it will be remembered, gained an international reputation by his book on "The Origin and Growth of the English Constitution."

Among the other articles which bear upon the times is one on "The New Monroe Doctrine," written jointly by Edward S. Rapallo and Domingo B. Castillo, the latter formerly Under Secretary of State of the Republic of Venezuela. Another contribution which is bound to attract attention at this time, in view of events now on topics, is one by Arnold White, who gives us an insight into "Germany's Real Aim in Foreign Politics." Senator Newlands writes of the "Common Sense of the Railroad Question," and an article which will receive wide reading is on "Remarriage After Divorce: Catholic Theory and Practice," by the Right Rev. William Croswell Doane, Bishop of Albany. Besides numerous other able contributions we have the lucid editorial writings of George W. Havey, the distinguished editor of the North American Review.

This popular publication can be had at $5 the year or 50 cents per copy. Address The North American Review, Franklin Square, New York.

TWINKLINGS.

—Dolly—Nell says that he engagement ring cost $20. Polly—Perhaps she meant that she spent as much as that entertaining the young man before she got it.—Chicago Journal.

—Mother—How often have I told you not to allow that young man to kiss you? Mabel—I don't know, ma, but certainly not as ofter as he has kissed me.—Philadelphia Press.

—Cassidy—My! but he do love to hear himsel' talk, don't he? Casey—He do. Faith, if he had the habit o' takin' in his sleep, he'd set up all night to listen and applaud.—Philadelphia Press.

—"Dear," said the melancholy wife, "if you die first you will wait for me there on that far shore, won't you?" "I guess so," replied her husband, wearily, "I've always had to wait for you everywhere I go."—Philadelphia Press.

—Ethel—Frank was desperately in love with Priscilla. Why, he used to send her the most expensive flowers and presents nearly every day for nearly three years! Mabel—Did he finally win her? Ethel— No, he earned her!—New Yorker.

—Miss Knox—Did Mr. Borem ever call upon you? Miss Bute—Yes, he called last evening. I was quite delighted when the girl brought up his card. Miss Knox—Delighted? Miss Bute—Yes; you see, if she hadn't brought up his card, I might have gone down to him, thinking it was some one else.—Philadelphia Press.

—Millions of years has passed. Birds had succeded to the supremacy formerly held by man. "What is that you are wearing on your hat? asked the flamingo. "It's the scalp of an almost extinct biped called a woman," replied the egret. "A few specimens of the creature still exist, I am told, in the inaccessible fastnesses of the everglades.—Chicago Tribune.

A. V. Horrell, proprietor of restaurant at 505 South Fourth street, says: "I used Doan's Kidney Pills and they did me a lot of good. I have been a great sufferer with backache, which I supposed to be rheumatism, and used all the rheumatic cures I could get hold of. I was completely laid up with it and could scarcely get around, to do any work, was simply out of the question. My sister, reading about Doan's Kidny Pills and knowing how I suffered, went to Bellamy's drug store and got me a box. They acted like a charm. My backache or rheumatism, whatever it was, has entirely left me, and I give all the credit to the use of Doan's Kidney Pills."

CURRENT COMMENT.

—The consumer is still waiting to be introduced to the benefits promised by that beef trust investigation—Washington Post.

—The Panama Canal Commissioners have learned that President Roosevelt, when the occasion arises, is also an advocate of the Big Broom.—Chicago Tribune.

—If the Asphalt Trust is as bad in South America as it is in the country we ought to send down a few battleships to protect the Venezuelans.—Baltimore Sun.

—If the planter can get 7 1-2 cents for the cotton, that means over $500,000,000 for the crop. Guess that will hold 'em for awhile.—Memphis Commercial-Appeal.

—Half a million men have been summoned to arms in China. China proposes to have a share in the division of the caracass of the Russian bear.—Atlanta Journal.

—The Standard Oil moral code seems to be that you are not guilty unless you are caught, tried and convicted and haven't pull enough to get a pardon.—Baltimore Sun.

—In Santo Domingo the Administration is going to maintain the status quo by changing it. Mr. Roosevelt is the only man in the world who can ride two horses going in opposite directions—Rochester Herald.

—So far as the Santo Domingo matter is concerned, the President will probably recognize the Senate as a part of the co-ordinate branches of the government when the Senate shows a disposition to co-ordinate.—Washington Post.

—"It is the hardest work in the world to live up to a big income," says millionaire N. O. Nelson, of St. Louis. Possibly; but we are willing to violate the union rules by working overtime on a job of that kind.—Washington Post.

—George C. Holden was one of the trusted postal inspectors of the Philadephia division, but he has resigned as the result of the discovery that he received $1,100, which he says was a loan, from the Storey Cotton Company, at a time when he had been ordered to investigate the character of that "Get-Rich-Quick concern—Philadelphia Press.

—That the Ambassadors in Washington are going less and less to the Department of State and are increasing their calls at the White House, and that the Ministers are transacting as much of their business as possible with Mr. Roosevelt, is exactly what might have been expected. An encyclopedic and panoramic President has little occasion for a Cabinet.—Philadelphia Record.

—If Mexican coffee were taxed on entering the United States there would be a new argument given for subjecting American manufactured articles entering Mexico to higher imports. Brazil would be apt to retaliate. It would seem to be the part of wisdom to cut down the overgrown expenses authorized of late years at Washington. The "free breakfast table" appeals to the American wage-earner and housewife. — Mexican Herald, March 28th.

—The cotton spinning industry in China, according to a British report, has proved a comparative failure, owing to a lack of experience. But the same report predicts a great improvement owing to more efficient labor. There are seventeen establishments in China and Hongkong operated by steam-driven machinery, the total number of spindles amounting to 619,648. the working day lasts 13 1-2 hours, and the average day at Shanghai is 12 cents a day, but is less at other places. China will in time much extend this branch of business.—Philadelphia Press.

PRICE OF PAPER FALLS.

Makers Are Willing to Accept Two Cents a Pound.

(Newspaperdom.)

The price of news paper has fallen considerably since January 1, and has now reached $2 a hundred. The demand at this time of year always shows a falling off, but this does not entirely explain the drop from $2.40 and $2.25, which prevailed until recently.

It is said by those who are in a position to know that the abundant rains of the last two months have enabled the mills to turn out large quantities of paper, and the amount now on hand is much larger than is usual at this time of the year.

Then, too, it is quite probable that the formation of several new independent companies may have had something to do with the lowering of prices. The Publishers' Paper Company recently formed in Maine, with a capital of $6,000,000, promises to be a strong factor in the market. The men who compose it are interested in some of the largest newspapers in the country. These will naturally purchase their supplies of paper from the new company. The withdrawal of their patronage from the so-called trust mills will undoubtedly affect the price of news paper next fall.

In the West cuts in prices are being made by nearly all the mills. A dispatch from Appleton (Wis.) says that following a cut in price of print paper made by an independent representative at Fond du Lac, there has been a ten per cent. cut in the price of print paper by the Plover Paper Company, and the Wisconsin River Pulp and Paper Company, both owned by George Whiting, of the General Paper Company. It is understood that the demand for print paper is less than the supply.

The withdrawal of the Island Paper Company, of Menasha, from the alleged paper trust is probable. It will be the first step in the disruption of the trust.

Contrary to reports that have been circulated, John Strange is said to be interested in the new Island Paper Company, of Menasha. This company, formerly the C. W. Howard Paper Company, is in league with the General Paper Company, while the John Strange mill is independent.

THE COTTON MARKET.

New York, April 4.—The cotton market was very quiet with fluctuations irregular within a range of about 5 points. The market opened steady at a decline of 1 point on June, but generally unchanged to 3 points higher in response to rather better cables than due, and some covering promoted by talk of too much rain delaying new crop preparations. There was very little demand apparently and such as there was seemed more or less scattering but offerings also were light, and in spite of the big receipts prices gradually worked up, reached a net gain of about 6 to 8 points in the early afternoon. Following this, there was a reaction under selling by early buyers and German houses. The close was steady at a net advance of 2 to 5 points. Sales were estimated at 75,000 bales.

Port receipts for the day were very heavy and the estimate pointed to continued full receipts to-morrow.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Herpicide.

Frederick Manuell, Maryland block, Butte, Montana, bought a bottle of Newbro's Herpicide, April 6, '04, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes, "and today my hair is as thick and luxuriant as any one could wish." Newbro's Herpicide works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, and finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

New Strength— Increased Vigor.

It is easy to get into a run down state and stay that way and forget what real health is.

We never appreciate real health when we have it.

After feeling all run down, nervous and tired out, month after month, most people simply hope against hope that they will feel better soon.

Instead of trying to do something to help themselves feel better, they depend on hope.

The only way to really help yourself is to get new strength and increased vigor.

Win back your right to feel strong and well every day.

A well person ought to wake up with a laugh every morning.

Health, vigor, determination, courage—in fact, all that makes life worth living depends upon a healthy supply of **Nerve Force.**

Paine's Celery Compound builds up the supply of **Nerve Force,** it revives the old force and makes new. It not only does this, but by strengthening the nerves that control all the organs of the body, it cures the real cause of headaches, neuralgia, rheumatism, malaria, and the many diseases coming from a run down condition of the nerves.

Gertrude Jenkins allowed herself to gradually sink into nervous prostration, one of the final states that tired, abused nerves reach. Her experience is valuable to all those who feel "run down," "tired out" and are not helping themselves to get back to real health.

"Paine's Celery Compound cured me of nervous prostration when I was so weak and used up that I had to lie down part of each day. The doctor advised me to go away and take a vacation to build up, but I could not give the time or money. Paine's Celery Compound built me up within two weeks,—my headaches disappeared, my appetite returned and the aches and pains gave way to new strength, life and increased vigor. I enjoy perfect health today and used less than five bottles of Celery Compound, so know by experience how valuable it is."—Gertrude Jenkins, 714—83d St., Chicago, Ill. (Member Ladies of the Maccabees.)

"Nervousness," "nervous prostration," "nerve decline,"—that run-down, worn-out feeling,—nine times in ten are simply the result of prejudice, carelessness, or ignorance.

Prof. Phelps, of Dartmouth University, was the first physician to enunciate the principle which to-day is recognized as one of the foundations of the science of medicine,—the great enlightening truth, that the nerve system rules all the body's health.

He sought and found the food that builds up and restores the nerves—his celery formula, which has become famous as Paine's Celery Compound—the celebrated nerve vitalizer and tonic.

Paine's Celery Compound is giving **New Nerve Force** to thousands every day by feeding and restoring the nerves to their full strength. It never fails to build up the run down system to full, ruddy health.

Two days' treatment proves its marvelous power. It braces you up. You feel better at once.

Sick headache, palpitation, dizziness, and heartburn are usually relieved by a single dose of Paine's Celery Compound.

For over 18 years Paine's Celery Compound has been the most universally used nerve vitalizer and tonic in the world.

Remember this,—Paine's Celery Compound is the prescription of one of the most famous physicians this country has ever known, and all reputable Druggists sell and recommend it.

FOR MEN WHO SMOKE

It would keep you guessing to buy anything more acceptable for a birthday present, an evening reception, a luncheon or dinner, than a box of Phila Rosa. That's a cigar that suits the taste of nine men out of ten who appreciate fine flavored Havana tobacco made up by clever rollers of the weed. If you're at all interested as to prices this figure will probably suit you as well as the cigars will suit your friends: $12.00 the box of 50; 25 cents for an individual cigar.

SPIRITS TURPENTINE.

—The post-office receipts at Greensboro for the first quarter of 1905 show increase of nineteen per cent. over corresponding period of '94, receipts then being $44,520.

—Charlotte News: It appears from a statement made by Mrs. Bodie I. Duke that she was robbed of ten thousand dollars while in jail. That wasn't all she lost, by a whole lot. She was robbed of her husband about the same time.

—Charlotte News: Judge Neal believes in sending out for jurors among busy business men. He is opposed to the professional jurors who can always be found in the court house. Chalk down another credit mark for the Judge. He is striking at the foundation of a base evil.

—A dispatch from Williamston on Monday says: At the old Biggs place, now owned by Mrs. Hadley, there was found a baby of a few hours of age. The child was wrapped in cotton and put in a box which was tied to the gate. The man living at the place found it the next morning. This family had a large number of children and did not feel able to take the child, so Mrs. Hadley now has it in her possession. There is no idea whose child it is or from where it came.

—A telegram from Newbern on Monday says: Commander McCrea, inspector of the Fifth Light House district, passed through our city and reports that the Cape Lookout Shoal Lightship No. 80 was placed at her station at Cape Lookout, on April 1st. This station is a very important one to eastern North Carolina, and all sea faring men that travel the Atlantic coast. This lightship cost $85,000 and the appropriation was secured through Congress by Hon. Chas. R. Thomas, of Newbern.

—The people of Raleigh are happy to welcome to the city the scores of earnest men and women who will honor the city with their presence this week at the State Sunday School Convention. There is no agency in North Carolina more potential for good and no army of workers who are laboring so effectively for the future welfare of the State than the Sunday school teachers. The sessions of the convention will be marked by addresses by famous men in the work, discussions by many of the best teachers, and the whole proceedings will be instructive and inspiring.

—Mr. Franklin Sherman, Jr., State Entomologist, is preparing question sheets to be mailed to all the agriculturalists in the State requesting communications relative to honey bees, the object of the Department of Agriculture in seeking this information being to prepare accurate and definite statistics in regard to the bee industry in North Carolina, calculated to be of benefit to those already interested and also to investors. The department will collect the data submitted, compile it carefully making it instructive as well as to give knowledge of existing conditions. Each locality and section will be treated separately, giving the race of bees most adaptable to the soil and plants of each place, and the particular disease or other trouble of bees in any particular place.

—Newbern Journal, April 4: A horrible death occurred on Scott's Creek trestle this morning about three miles east of Newbern, of the Atlantic and North Carolina railroad. An aged colored woman and child was just crossing the bridge when the westbound freight No. 2 turned the curve. Engineer Natt Russell saw the parties after turning the curve, blew signals, put on emergency brakes and reversed his engine, but all in vain. The child jumped off the trestle and was saved. Mary Styles remained on the engine, tender and one car passed her, but in the excitement she raised up and the third car struck her, carrying her body about seventy-five yards. When the train was stopped, it was discovered that the woman had been ground into a pulp. Her body was strewn along the track and cars covered with blood and flesh. The fragments were gathered up and turned over to her family.

—Raleight News and Observer: The trial of T. W. Dewey, who a year or more ago left the city of Newbern, leaving the bank in which he was an officer with a shortage of many thousand dollars, will come up at the April term of Craven court on Monday next. Dewey, it will be remembered ,was lost for several months, and although a large reward was offered for his capture, no trace of him was found until the publication of a letter in the News and Observer, in which he stated his intention to return. Soon after the receipt and publicaiton of that letter the reward was withdrawn, and after some considerable time Mr. Dewey finally appeared in North Caroline, gave himself up to the authorities, gave bail and has since been at the home of relatives awaiting trial. Summons were served in Raleigh yesterday on Chairman of the Corporation Commission Franklin McNeill and Mr. Josephus Daniels, editor of the News and Observer. A subpoena was also received here for Mr. J. O. Ellington, ex-State Bank Examiner, but not served as he was not in the city. The subpoena served on Mr. Daniels directs him to appear in Newbern on the part of the State and to "have you then and there before said court a certain letter addressed to you or the News and Observer signed T. W. Dewey, together with a copy of the News and Observer in which the same was published." In the letter referred to Mr. Dewey made refernce as to other who he claimed were implicated with him in the troubles of the bank, and the trial, if he follows the intent to implicate his associates, will be a most sensational one.

Besides beautiful pieces of jewelry, the list includes attractive articles of wearing apparel and handsome things for the house. You can get them easily and quickly—and you'll be surprised at their value. Five of the premiums are illustrated above. For full description and pictures of the whole list see the little Good Luck Premium Book in each can. The positive purity, the perfect wholesomeness of

GOOD LUCK Baking Powder

make it the most widely chosen of all leavening agents. During this year 16,145,114 pounds have been sold (many orders coming in for car-load shipments), which is the largest business for a single factory in the world. This is only the inevitable result of the original Good Luck plan—to furnish the best baking powder in the world at the lowest price—10 cents a pound.

Good Luck is the best because it is purest, because it produces the lightest, whitest, sweetest of baking. These results are due to its unequaled leavening force, to the fact that it contains no adulteration whatever. It is the most economical because it takes less to do the work than any other baking powder. If your dealer doesn't sell Good Luck let us know, and we'll see that you are supplied at once.

Conviction Follows Trial

When buying loose coffee or anything your grocer happens to have in his bin, **how do you know what you are getting?** Some queer stories about coffee that is sold in bulk, could be told, if the people who handle it (grocers), cared to speak out.

Could any amount of mere talk have persuaded millions of housekeepers to use

Lion Coffee,

the leader of all package coffees for over a quarter of a century, if they had not found it superior to all other brands in

Purity, Strength, Flavor and Uniformity?

This popular success of LION COFFEE can be due only to inherent merit. There is no stronger proof of merit than continued and increasing popularity.

If the verdict of MILLIONS OF HOUSEKEEPERS does not convince you of the merits of LION COFFEE, it costs you but a trifle to buy a package. It is the easiest way to convince yourself, and to make you a PERMANENT PURCHASER.

CRAZY AS MARCH HARE.

Crank, Inspired by God of Fire, to Assassinate Gov. Hoch.

By Wire to The Morning Star.

Topeka, Kan., April 4.—An insane man who gave his name as J. Everet Worthington, whose former place of residence the police have been unable to learn, was captured within a block of the State house, where he said he was going to kill Goveronr E. W. Hoch. The man was unarmed but he is powerful build and undoubtedly would have handled the chief executive roughly had he not been intercepted. The news of th capture was withheld by the police until today, though the capture was made yesterday.

Worthington is now in the county jail and will be sent to an asylum. Communication with the man is held by means of written questions and answers, as he pretends to be deaf and dumb. In answer to a question in regard to what his purpose was with the governor, Worthington said:

"I was inspired by Pyrus, the God of fire, to come here and kill Governor Hoch. I swore eternal vengeance against all statesmen who pretend that thye are self-made men. If it had not been for this officer who captured me, Governor Hoch would have been no more, for when I was arrested I was on my way to the capitol to kill him. One who has risen from obscurity to a high place is the worst enemy of the impecunious genteel. Therefore, I hate Hoch."

Worthington dresses well and has the appearance of a man of intelligence. He is tall and strong, and has red hair and blue eyes. He was arrested by C. D. Miller, an officer of the Juvenile Court, whose attention was attracted by the peculiar actions of Worthington.

RAPIST CONFESSES GUILT.

Partridge Doesn't Want to Die With Lie On Lips.

Yesterday afternoon's Fayetteville Observer has the following of interest:

"At 2 o'clock this afternoon, Walter Partridge, the negro who is to be executed in the county jail Thursday for criminally assaulting Mrs. Ida Hales on February 1st, sent for Rev. Dr. J. J. Hall, pastor of the First Baptist Church of this city, and made a full confession of his guilt. Deputy Sheriff and Jailor Pate was the only other person present during the condemned man's recital of the horrible details of the crime. Partridge said that what Mrs. Hales and the other witnesses testified to (the substance of which was published in the Observer at the time) was true. He said that the reason he made the confession was that he did not care to die with a lie on his lips, and that he has repented of his sins.

"Earlier in the day Partridge told Deputy Pate that he and another prisoner jointly wrote the letter to Governor Glenn, which was signed with Mrs. Hales' name, and in which it was stated that Partridge was innocent, and that Mrs. Hales had sworn falsely. This letter was carried out of the jail by Partridge's grandmother and mailed by her.

"The rope, with which Partridge is to be hung, was tested this morning, thed rop being made with a heavy sandbag attached, and it was found to be all right.

FIRE AT ROCKY MOUNT.

Lumber Mill and Ice Plant Destroyed Yesterday Afternoon.

Special Star Telegram.

Raleigh, N. C., April 4.—A special from Roucky Mount says that fire started there about 3 o'clock this afternoon in a dry kiln of the Tar River Lumber Company, one of the largest saw and planing mill plants in the eastern part of the State. The fire company made a hard fight against it but could not check the flames until the entire plant was consumed. The loss of the machinery and lumber is total and is estimated at about $25,000. The fire spread to the plant of the Rocky Mount Ice Company, which was also destroyed with a loss of about $30,000. Both were fairly well covered by insurance. Several nearby tenement houses were also burned.

Charlotte, N. C., April 4.—Fire at Rocky Mount, N. C., this afternoon did damage estimated at $110,000 with $54,000 insurance. The losers are the Tar River Lumber Company $60,000 with $24,000 insurance, and the Rocky Mount Ice Company $50,000, with $30,000 insurance. The fire started in the dry kiln of the lumber company.

GEORGIA GIRL A SUICIDE.

Took Morphine When She Heard Her Sister Was Dead.

By Wire to The Morning Star.

Norfolk, Va., April 4.—Edith Turner, aged 22 years, who came here from Savannah, Ga., and had been living under the name of Edith Anderson, died suddenly today from the effects of morphine. The girl had recently received a telegram announcing the death of a sister in Savannah and last night swallowed a morphine powder. She was found unconscious in her room today but physicians revived her until she could talk. Her recovery seemed certain, but as a precaution the girl was taken to St. Vincent's hospital. While the doctors were working on her this afternoon with seemingly good results, she died. The body is being held pending instructions from her people in Savannah.

At Tacoma, Wash., yesterday in the ninth round of what was ot have been a 20-round fight, young Fitzsimmons (Charles Jost),o f Portland, was defeated by Jack (Twin) Sullivan.

THE PRESIDENT'S SOUTHERN TRIP

Tremendous Ovation for Republic's Chief at Louisville, Ky., Yesterday.

BLUE AND GRAY MARCH IN LINE

Roosevelt Called Confederates "My Comrades" and Paid High Tribute to Their Valor—To Reach Washington by Wireless.

By Wire to The Morning Star.

Louisville, Ky., April 4.—In the shadow of a magnificent bronze statue of Thomas Jefferson, just in front of the architecturally imposing court house of Jefferson county, President Roosevelt today in something less than 15 minutes delivered a notable address to a crowd which extended for two blocks on the east and west sides of the speaker's stand, which jammed intersecting avenues, and overran the broad lawns which skirt the square. Not more than one-fifth of those who saw the President heard what he had to say, but they cheered him heartily nevertheless, interruptions of applause occurring momentarily. The President's welcome to Kentucky was typical of the State and his references in his speech to a "United Country," his greetings of Confederate Veterans as "My Comrades" and his allusion to the wearers of the gray who bore aloft at the head of the procession of escort the "Flag of one united country," greatly pleased those who could hear him. The President was in Louisville but two hours but not a moment was lost. His reception in the residence section of the city was cordial, as he passed through the business section it was thoroughly demonstrative of hearty good will and at the speaking-stand and the short drive over the business section it was an assured ovation.

The President was welcomed to Louisville by Acting Mayor Paul C. Barth, in the absence of Mayor Grainger, who is ill, and by Hon. Logan C. Murray, chairman of the general committee. The President responded briefly and was then escorted to his carriage a few steps away where he was seated with Secretary Loeb, Governor Beckham and Mr. Murray. Proceded by a detail of mounted police and by a mounted civilian escort bearing the President's colors, the President's carriage moved forward, the procession being underway in a few moments with General John B. Castleman acting as grand marshal.

The President was cheered at frequent intervals by a continuous line of people from the itme he left his train until th party neared the business section where the greeting grew into a popular ovation. He was compelled to lift his hat often during the drive, but as he neared Broadway he removed his hat and was kept busy bowing from right to left.

Drawn up on Broadway between Third and Fourth streets were the Gporge B. Eustis Camp, United Confederate Veterans, two posts of Grand Army men and the Spanish War Veterans' Association.

Louisville has but a single camp of Confederates, but it is a large one and its members were out in full strength, with General John H. Leathers in com mand.

As the head of the escorting column moved into Broadway the civilian escort with the President's colors moved rapidly forward and the representatives of the Blue and Gray swung into line, in column of fours, directly in front of the President's carriage and acted as his immediate guard of honor for the remainder of the parade.

The President arrived at the speakers' stand in front of the court house at Sixth and Jefferson streets at 10 A. M. He was introduced in a few words by Governor Beckham, who said:

"Not only the people of Louisville, but the people of all Kentucky rejoice today in welcoming among us the President of this great republic. Regardless of all political differences we are here to do honor, not only to the chief magistrate of this country, but also to Theodore Roosevelt, the man. (applause.) We recognize his eminent partiotism, his integrity, his fearlessness and we all believe him to be a friend of the great common people throughout this country. We also look forward to him during the next four years as the ruler of this republic, to obliterate the last faint line of sectional differences that may exist in this country (applause.) I believe that it is in the power of this great man who more than any President since the big brained and big hearted Lincoln, holds the affection and the confidence of the people of this country. I say, I believe it is more in his power than in the power of any other man to establish beyond question the fact that there is no North, no South, no East, and no West in this country."

As the President stepped upon the platform and the crowds saw him, a prolonged cheer went up. The President tried to speak but good naturedly waited until the applause had died out. Then he said:

"Governor Beckham and you, my fellow Americans (applause): Surely any man would indeed be gratified to be greeted in this way by such an audience, and be introduced as you have introduced me, Governor Beckham (applause.) As the governor has so well said, upon all the important questions the questions that infinitely transcend mere partisan differences, we are fundamentally one (applause.) For, in the question of foreign and internal policies the points upon which there can be no proper division on party lines, infinitely exceed in number those upon which there can be such division, and, Governor Beckham, I shall do all that in me lies to justify the hope to which you have given expression and to try to show myself the President of all the people of the United States. (Applause.)

"And, naturally, I feel particularly gratified at seeing, here, today, joined in this procession the men who wore the blue and the men who wore the gray. (Laughter and applause.) In the dark days—now, keep just as quiet as you can; you won't be able to do anything more than see me, anyhow (laughter and applause)—in the dark days each of you fought for the right as it was given him to see the right (a voice "that's right") and each of you has left the right to feel pride not only in your valor, but in your devotion to what you conscientiously believed your duty (great applause.)

"And now we are all one (cheers and long continued applause). And as a united people, we have the right to feel the same pride in the valor of the man who conscientiously risked his life in the Confederate uniform; that we have in the man who fought in the blue (applause). And, as I passed by your ranks, Oh, my friends in gray, today, and saluted the flag of our common country, held up by a man in the gray uniform, I felt that indeed we are one, and that we have been able to show mankind that the greatest war of the century can be followed by the most perfect union that any nation now knows (great applause). And in coming to this great and beautiful city of yours, I wish to congratulate you upon the historic spirit that is around here." Pointing to the statue of Thomas Jefferson that stands in front of the court house, the President, continued:

"I am glad as I say, of the spirit that makes you wish to dedicate statues like this of Jefferson and like the great statue of Clay inside of this court house. It is a fine thing to keep a sense of historic continuity with the past, and there is one statue that I wish the members in the national Congress from Kentucky to see is put up by the national government, and that is a national statue to Andrew Jackson, and the victors of the battle of New Orleans. The fight at New Orleans was one in which the whole nation has a care, as far as the glory and the profit went, and the whole nation, and not any one State, should join in in putting that statue up.

"Now I am going to say good bye, because there is a little movement there and it will be better for the women and small people if I let you get away. Good bye."

The President and party then entered their carriages and after a short drive through several streets in the business district, arrived at the Louisville Hotel.

In the parlors of the hotel occurred one of the prettiest incidents of the day—the presentation of souvenirs to the executive. These consisted of a massive silver flagon containing water from a spring on the old Lincoln homestead in Laure county. An ink stand of oak that shaded the spring at which Lincoln drank when a lad, and a beautiful silver vase filled with orchids. The President was visibly touched by the gifts, as it was a complete surprise. The presentation was made by Colonel R. T. Durrett, for twenty years a friend of the President and in which library Mr. Roosevelt, years ago, spent many hours gaining information as to the history of Kentucky and data as to the Lewis and Clark expedition.

A hurried departure was taken, the President arriving on board his train at exactly 11 o'clock. A minute later, with the executive standing on the rear platform of the car, with cannon thundering a salute, less than a block away and to the music of deafening cheers, the train moved out of Seventh street station and half hour later was speeding across Indiana on its way to the Southwest.

To Be In Touch With Washington.

Glenwood Springs, Colo., April 4.—During his hunting trip in Colorado, President Roosevelt will keep in constant touch with Secretary Loeb and his official staff at Glenwood. This will be accomplished by means of the wrieless telegraph under the supervision of the military of the government. Two expert signal service corps telegraph operators have been detailed to accompany President Roosevelt into the wilderness to send and receive his messages.

CHICAGO DEMOCRATIC BY 25,000 MAJORITY.

Judge Dunne Elected Mayor and Will Carry Out the Policy of Immediate Ownership of Street Railways, &c.

By Wire to The Morning Star.

Chicago, April 4.—A political tonado today overwhelmed one of the most ruggedly unique leaders in the country. Incidentally, the Republican party met defeat in a memorable effort to capture the mayoralty of Chicago. As a direct result the city is officially committed to the policy of the quickest possible cessation of private franchises for public utilities. Municipal ownership is especially threatening street car lines. valued high up in the millions.

Appeals to fear of domination by corporate wealth appeared to sway many voters and perhaps more than any other influence was incorrectely guaged by the Republicans. Harlan had been savagely harrassed during the campaign as the reputed representative of Wall Street interests, intent on fastening burdensome franchise grants upon the city. The Republicans, however, had figured that the voters susceptible to appeals of this kind, would support the Socialist candidate, Collins, and that losses, if any, to the Republicans, would be more than made up by Harlan's old time admirers among independent voters. Estimates, however, of 50,000 votes as the total for Collins, Socialists, fell woefully short.

Calculations upon colored voters were another source of error in Republican expectations. An unmistakable defection suddenly manifested to-day in districts where afro-Americans are numerous gave a severe jolt to Republican campaign managers. The most plausible explanation was that Judge Dunne, from the bench in years had shown an unexampled spirit of fairness toward colored men and women in exigencies when freedom from race prejudice was sorely needed.

Judge Dunne was elected by a plurality of 24,248 and received a majority of 945 of all th evotes cast. He also had the distinction of receiving the greatest vote ever cast in Chicago for a candiate for the office of mayor. He was given 161,659 votes out of a total of 322,373.

Mr. Harlan, the Republican candidate, son of Associate Justice Harlan of the United States Supreme Court, received 137,411, Collins, the Socialist candiate, 20,323 and Stewart, Prohibition, 2,980. John F. Smulski, the Republican candiate for city attorney, was re-elected over his Democratic opponent by nearly 15,000 votes. The other candidates on the Democratic city ticket were elected by pluralities somewhat smaller than Judge Dunne's. Frederick W. Block was elected city treasurer and Adrian C. Anson, city clerk. The new city council will probably be Republican.

NO GERMAN-FRENCH CRISIS.

Attempt to Connect Princess Henry's Visit With Poitics Absurd.

By Cable to The Morning Star.

St. Petersburg, April 4.—Prince and Princess Henry, of Prussia, arrived at Tsarskoe-Selo palace today. At the German embassy attempts to give political character to Prince Henry's visit and to connect it with the situation created by Emperor William's Tangier speech, were ridiculed, it being explained that the visit of the Princess to her sister, the Empress and the Grand Duchess Sergius, during the latter's period of mourning, was announced before Emperor William left Germany. The idea of an acute crisis in German-French relations was scouted at the German embassy. Princess Henry wil remain for some time—at Tsarskoe-Selo, but the Prince will return to Berlin in a few days. There has been a persistent rumor that the Grand Duchess Sergius who is still crushed by the murder of her husband, will shortly retire to a convent and devote her life to the church, of which she is a very devout member.

SERVED IN CONFEDERATE ARMY

Death of Brilliant Catholic Editor at Cleveland.

By Wire to The Morning Star.

Cleveland, Ohio, April 4.—Manly Tello, former editor of the Catholic Universe, official organ of the Catholic church for this diocese, died today, aged 64 years. Tello was widely kown as a forceful writer. During the civil war Tello became a colonel in the Confederate army, serving under General Harry Gilmore. Later he was attached to the staff of Jefferson Davis. Upon one occasion he was captured by Union troops and confined in Rock Island prison from which he escaped.

BIG MOVEMENT FOR THE SOUTH

Southern Industrial Parliament to Assemble in Washingtonon May 23-26.

GONERNOR GLENN TO ATTEND

North Carolina Will Send Delegates—Plans to Be Formulated to Develop Material Resources of Southern States.

By Wire to The Morning Star.

Washington, April 4.—Preparations are being made for the meeting of the Southern Industrial Parliament which will assemble in Washington on May 23rd and continue until the 26th. It will be composed of delegations appointed by the governors of the Southern States and will include mayors of cities, representatives of boards of trade, boards of health, and banks, railroad presidents, planters and manufacturers. The object of the meeting is to formulate plans for the development of the material resources oft he Southern States.

The advantage of a southern industrial convention in the city of Washington was a matter of discussion among Southern representatives in Congress during the past winter. The matter finally took shape in an address to the governors of the Southern States signed by a number of Southern Congressmen setting forth that "a southern industrial parliament at the national capital would give wide advertisement to the advantages afforded in the Southern States for profitable investments."

This address was submitted to the executives of the Southern States and Governors Montague, of Virginia, Glenn, of North Carolina, Dawson, of West Virginia, Heyward, of South Carolina, Terrell, of Georgia, Jelks, of Alabama, Broward, of Florida, and Blanchard, of Louisiana, replied, expressing a willingness to send delegations from their respective States. Acceptance from other governors are expected. Governor Glenn will be present. Secretary Wilson of the Agricultural Department, has promised that his Department will contribute any facts in its possession that may be desired by the convention A letter of similar import has been received from Secretary Metcalf, of the Department of Commerce and Labor. In addition to the mining manufacturing, lumbering, agricultural and trucking industries reports will be made upon the public health and sanitary environment of the South. Delegates from State boards of health and State medical societies will be present; Doctor Walter Wyman, surgeon general of the marine hospital service, has consented to place the statistics and other data of his bureau at the disposal of his Southern medical confereres in the parliament.

The parliament proceedings will be reported by special correspondence in London, Paris, Berlin, Glasgow, Vienna and Brussels.

Hilary A. Herbert, ex-secretary of the navy, will be chairman of the reception committee. Reduced railroad rates from all points south of the Potomac and Ohio and East of the Mississippi rivers have been obtained, including Louisiana, Texas and Arkansas. Reduced hotel rates, on the American plan, have been secured for all delegates. Additional information will be promptly forwarded to all parties interested in the development of the material resources of the Southern States by addressing "Southern Parliament," the Riggs House, Washington, D. C.

GREAT NAVAL VICTORY.

That is What Russians Now Base Their Hopes Upon.

By Cable to The Morning Star.

St. Petersburg, April 4.—The announcement that President Roosevelt has left Washington on a vacation trip is accepted here as evidence that the efforts to draw Russia and Japan into peace negotiations have come to grief for the moment. No definite explanation of exactly what happened is forthcoming but the general impression is that Japan either declined to treat upon the Russian basis or demanded a direct avowal that there was a pacific disposition. At any rate the advocates of a continuation of the war seem sure of their position and everything indicates that the hope of an immediate change of fortune is staked on Vice Admiral Rojestvensky, whose squadron, according to the best information, is now actually on its way to meet the Japanese. The admiralty is greatly encouraged by the prospects that Rojestvensky will be able to defeat Admiral Togo owing to the splendid reports which have just arrived here from Rojestvensky dated from the Island of Madagascar, recounting in detail the condition of the ships and personnel and the results of the target practice of the squadron and of the manoeuvres in which the warships have been drilling for three months.

Jap Flanking Column.

Harbin, April 4.—Affairs at the front generally are quiet, except for skirmishing by General Mistchenko's Cossacks.

Reports are revived at the movement of a Japanese flying column northward through Manchuria in the direction of Taitsaihar.

The loss and destruction of commissariat stores at Mukden, Hussitai, Tie Pass, Kalyuan and Changtufu has been a heavy deprivation to the Russian army. As a result the price of forage and provisions has considerably increased.

Last Hope Vanished.

When leading physicians said that W. M. Smithart, of Perkin, Ia., had incurable consumption, his last hope vanished; but Dr. King's New Discovery for Consumption, Coughs and Colds, kept him out of his grave. He says: "This great specific completely cured me, and saved my life. Since then, I have used it for over 10 years, and consider it a marvelous throat and lung cure." Strictly scientific cure for Coughs, Sore Throats or Colds; sure preventive of Pneumonia. Guaranteed, 50c. and $1.00 bottles at R. R. BELLAMY'S drug store. Trial bottle free.

A Daredevil Ride.

often ends in a sad accident. To heal accidental injuries, use Bucklen's Arnica Salve. "A deep wound in my foot, from an accident," writes Thedore Schuele, of Columbus, O., "caused me great pain. Physicians were helpless, but Bucklen's Arnica Salve quickly healed it." Soothes and heals burns like magic. 25 c. at R. R. BELLAMY, druggist.

Frightful Suffering Relieved.

Suffering frightfully from the virulent piosons of undigested food, C. G. Grayson, of Lula, Mass., took Dr. King's New Life Pills, "with the result," he writes, "that I was cured." All stomach and bowel disorders give way to their tonic, laxative properties. guaranteed.

In municipal elections yesterday the Democrats carried Chicago, Jefferson City, Mo., Kansas City, Kas., Leavenworth, Kas. St. Louis has probably gone Republican by a small majority. There was a revolution in favor of Democracy, as all the cities named when Republican last election.

FLORIDA LEGISLATURE.

Governor Says State Receives $1,000,000 For Its Convicts.

By Wire to The Morning Star.

Jacksonville, Fla., April 4.—The organization of the biennial session of the Florida Legislature at Tallahassee was completed at noon today by the ratification of the caucus nominees—Park Trammell, of Polk county, as President of the Senate, and Albert Gilchrist as Speaker of the House.

Governor Broward's message treated largely of routine matters. It recommended the passage of a uniform text book law, and discussed the question of the leasing of the State convicts. Under the present term of lease the State will derive about one million dollars from this source during the four years of the life of the contract. The session of the Legislature by law is limited to sixty days.

OUR POLITICAL GUIDE FROM CHILDHOOD."

(Goldsboro Argus.)

Our always appreciaed contemporary the "Morning Star," of Wilmington, which is the oldest daily in the State, and has been our political guide from childhood, comes to us now in a brand new dress every day, and we heartily congratulate it on having such an elaborate and elegant wardrobe:—this is to say, it has installed lynotype machines and now it is in appearance, what it has always been in fact, abreast of the best newspapers of the land.

Spring Opening APRIL 5TH AND 6TH. **REHDER'S** **Spring Opening** APRIL 5TH AND 6TH.

The pre-Easter showing of our Spring Millinery and Dress Goods has been planned for Wednesday, April 5th, from 10 A. M. to 6:30 P. M. and Thursday the 6th from 10 A. M. to 7 P. M.

..Usual Evening Reception and Concert Wednesday from 8 to 10. It will be an unusual gathering of SMART HATS, the sort that cannot be described here and only woman can appreciate—and we cordially invite all the women in Wilmington to come and see them.

THE DISPLAY OF SHIRT-WAIST HATS will exceed that of last season, and the prices are extraordinarily low.

The exhibit of **SPRING DRESS FABRIC AND SILKS** you will find very interesting. The latest materials and the most fetching effects that fashion has dictated and man produced are here.

This Opening will be more pretentious in every sense of the word, more representative and best of all, will combine to an unusual degree, quality of style with economy of price.

So come and see and be tempted.
